The Morehead Inspiration Center mandates zero tolerance toward all forms of sexual abuse and sexual harassment.

The Prison Rape Elimination Act of September 4, 2003, (Public Law 108-79) was enacted by Congress to address the problem of sexual assault in all US Penal facilities.

PREA supports the elimination, reduction and prevention of sexual assault/rape within our prisons, community correction centers and local jails. PREA applies to Client-on-Client and Staff-on-Client sexual misconduct.

Assessment of the agency's progress

The Kentucky Department of Corrections preformed a PREA compliance audit on November 16th 2016 at The Morehead Inspiration Center.

1. **Prevention and Planning:** All standards were found to be in compliance. The auditors made recommendations that video cameras be added in certain areas of the building. The program staff and review team determined that additional camera placement in the client showers and sleeping areas would detract from the empowerment and client accountability of the peer-led, peer-driven social model recovery program. The auditor recommendations will continue to be monitored.
2. **Responsive Planning:** All standards we found to be in compliance.
3. **Training and Education:** All standards were found to be in compliance. All Volunteers and Contractors have been trained on the agency's zero-tolerance policy regarding sexual abuse and sexual harassment and have been informed of their responsibilities regarding sexual abuse and sexual harassment prevention, detection and their duty to report and how to report such incidents. The auditors recommended that all volunteers and contractors be escorted by staff when in the facility. The Inspiration Center Policy is that all volunteers and contractors are to stay in the common areas. Staff escort contractors if the contractors are performing any maintenance in any of the clients rooms or living areas.
